## SHELTON STATE ANNOUNCES PLANS FOR FALL SEMESTER REGISTRATION

Shelton State Community College president Tom Umphrey has announced the new dates, times, and tuition associated with the college's move from the quarter to the semester system this fall.

Because of its size and geographic proximity to the University of Alabama, Shelton State was chosen this past May to be a model program for all the state's two year institutions. Currently, Alabama's community, junior and technical colleges are all on the quarter system. However, Shelton State's successful move to the semester system this year could result in a changeover of other two year colleges in the the state.

The college will also begin telephone registration this fall on a limited basis. Students, who have enrolled at Shelton State since Summer quarter 1989 and who have not attended another college or university since that time, may register for fall by telephone.

These students may register August 3-5 and August 17-19 from 6-9 p.m. They may register by calling any of these five telephone numbers: 391-2236; 391-2214; 391-2309; 391-2308; 391-2215. Students who register August 3-5 must pay their tuition before 5 p.m. on August 6. Students registering August 17-19 must pay before 5 p.m. on August 20. Students may pay by credit card or check.

Shelton State has also scheduled August 11-13 as a time of early registration of all current and previously enrolled students at the college, according to Umphrey. Students with 40 or more hours may register from 12 noon to 4 p.m. on August 11. On August 12, students with 0-39 hours may register from 12 noon to 4 p.m. On August 13, any student who has previously attended the college may register between 1-8 p.m.

General registration will be held August 24-25. Students with last names beginning with A-K may register on August 24 from 10 a.m.-8 p.m. On August 25, all students with last names beginning with L-Z may register from 9 a.m. -4 p.m. Late registration will be August 26 through September 1.

According to Umphrey, the amount of tuition a student will pay over the course of an entire year will remain the same, regardless of whether the college remains on the quarter or the semester system. Under the quarter format, tuition was paid three times during the year while with the semester format, a student is charged tuition only twice. Also, according to Umphrey, students may pay less for books under the semester system.

Under the new semester system at Shelton State, a full time student who is taking 12 semester hours would pay \$438.00 which includes tuition and fees. A student who is taking 15 semester hours would pay \$547.50 All hours above 15 will be calculated at the rate of \$35.00 per credit hour.

## **BITS AND PIECES DURING THE SUMMER**

This past spring, Dr. Edward Terry, professor of Spanish at the University of Alabama, spoke to Sharon Deck's world literature class. Dr. Terry, who is married to Shelton instructor Marilyn Terry, is an expert on literature written in Spanish. In addition to giving an overview of Latin American literature, Dr. Terry analyzed works by Jorge Luis Borges and Garcia Marquez.

Also, during the spring quarter, Sonny Logan, instructor of air conditioning for the college, spoke to the evening program of the adult basic education class. Many of the students were interested in learning more about the air conditioning program.

Milady Khoury Murphy continues to place in triathlon competition. In May she placed third in her age group in the National Triathlon competition by competing in the Southeastern Regional Championship at Hattisburg, MS. In June she placed third again in her age group in the Miller Lite Mississippi State Triathlon. The distances in the Triathlon are one-half mile swim, 14 mile bike, and four and one-half mile run.
